GENERAL INFORMATION...

WHAT IS LOGOS?

Logos Christian College and Graduate Schools (herein called Logos) is an academic institution of higher learning offering traditional resident programs and a non-traditional educational delivery system. This methodology allows for the provision of multi-track training for 21st century Christian service that is committed to the time honored traditions of Biblical orthodoxy, yet “tuned to the times” in order to make relevant application of these eternal principles.

Logos’ concept of distance education was once considered impractical, but it has now been adopted by leading institutions of higher education as a standard for training in the field of higher education, not only for ministry preparation, but also for other disciplines as well. In many seminary settings, excessive time is inherent in the delivery process of educating the students and much emphasis is placed on repeating information that is common knowledge to most. Today’s learners need the challenge of leading-edge material in the context of a challenging environment to make the material work in the local church and the marketplace.

The leadership, faculty and staff of Logos are not disconnected from the pulpit or local church pressures of this modern world. The faculty is involved in local church ministry through special seminars, church consultation, researching of new trends, and with a personal commitment to a local church when not out on the field.

Because we recognize that a sound Christian education is an important part of life, the programs of Logos are varied and always growing. We currently offer degrees in *Biblical Studies, Applied Theology, Christian Counseling, Christian Education, and Leadership and Organization*.

As a whole, the Logos Christian College experience involves a rich combination of academics, community, and sharing a commitment to one another and the Kingdom of God.

In short, Logos provides a unique opportunity for students to prepare themselves academically, professionally, and spiritually to serve God in the ministry & professions to which they have been called. As an independent, educational ministry that is thoroughly Biblical in its philosophy of education, Logos is a servant to both the local church and the individual student; providing curriculum, consultation, and direction for the accomplishment of his/her educational goal.

Logos recognizes the authority and autonomy of the local church and therefore, will not interfere with the local church’s life, its discipline, or its doctrinal emphasis.

GENERAL INFORMATION ...

PHILOSOPHY AND STATEMENT OF FAITH

We affirm the Divine inspiration, truthfulness, and authority of both the Old and New Testament Scriptures, in their entirety, as the only written Word of God, without error in all that it affirms, and the only infallible rule of life, faith, and practice.

We also affirm the power of God's Word to accomplish His purpose of salvation. The message of the Bible is addressed to all mankind, for God's revelation in Christ and in Scripture is unchangeable. Through it, the Holy Spirit still speaks today. He illuminates the minds of God's people in every culture to preserve its truth freshly through their own eyes.

Jesus Christ is the image of the invisible God, which is to say, He is Himself very God. He took upon Himself our nature, being conceived by the Holy Spirit and born of the Virgin Mary. He died on the cross as a substitutionary sacrifice for the sins of the world. He arose from the dead in the body in which He was crucified.

He ascended into heaven in that body glorified, where He is now, our interceding High Priest.

HISTORY OF LOGOS CHRISTIAN COLLEGE

Many Christian leaders across America have made substantial contributions to the life and growth of Logos Christian College. For their selfless and visionary investment, we at Logos Christian College are eternally grateful. Through the merger of several small Bible schools and institutes dating back as far as 1977, we are today an international Christian educational ministry.

Logos Christian College was raised up with a prophetic mandate to serve the body of Christ through an educational commitment to the local church. With 30 years of service, that mandate continues to be our clarion call. The current administration and faculty are ever conscious of the deep responsibility that has been passed on to us. To all who have gone before and to those who will follow, we express our gratitude.

PHILOSOPHY OF EDUCATION

Our degree programs are designed to be practical as well as academic, preparing people for ministry and service in the fulfillment of their call. In line with the goals and philosophy expressed, Logos continues to attain higher levels of both academic and institutional recognition; however, our primary goal is a Christian education that builds a solid foundation in the life of the student for both secular and ecclesiastical service.

To that end, Logos is committed to:

- *Offering Bible-based programs that increase the student's knowledge of Biblical truths.
- * Providing quality educational opportunities at a cost that is within the reach of the average person.
- * Creating individual programs of study designed to meet the needs of the individual minister and leader.

GENERAL INFORMATION...

- * Preparing the student for full-time ministry and the layperson for leadership within the local church and local community.

STANDARD OF CONDUCT

Because of the Biblical demands of discipleship, it is expected that all students attending Logos will maintain the highest standards of conviction and conduct. Although these standards may not affect one's spiritual standing, they do strengthen the life and testimony of both the college and the individual.

STUDENT INFORMATION...

Therefore, Logos expects the students to adhere to the same rules as the faculty and staff. Questionable practices, such as the use of illegal drugs or conduct unbecoming a Christian, are not considered acceptable - First Thessalonians 5:22 (KJV), "Abstain from all appearance of evil."

GENERAL COURSE POLICIES

Papers: All reaction/summary/research papers, theses and dissertations must be prepared in accordance with the Turabian Manual for Writers (ISBN#0226823377). Specifically, Logos requires that all work submitted for credit meet the following standards:

- Typewritten or computer word processor printed
- Double-spaced
- Twelve (12) point font size
- Times New Roman or Arial font face
- One (1) inch margins (top, bottom, left, and right)
- Consistent with other requirements of the Turabian Manual
- All work must be submitted via e-mail, except Thesis, Dissertation, or Project – instructions in initial packet

Title page, endnotes/footnotes, and bibliography pages cannot be counted toward the required length of the paper.

Academic Honesty: The Word of God is a lamp unto our feet and a light unto our path and we are to confirm it by keeping His righteous ordinances (Psalms 119:105-106). It is assumed that academic honesty will prevail.

Logos' policies in this area are posted on our Internet site (www.logos.edu). Problems in this area will be handled with an equal concern for love and justice.

Policy on Research and Plagiarism: Merriam-Webster's College Dictionary defines *plagiarism* as, "to steal and pass off (the ideas or words of another) as one's own: use (another's production) without crediting the source."

While fully supporting the use of tools, reference works, the Internet and other available media, Logos requires that all of the work submitted by students for grading and evaluation be the result of their own writing efforts and creative processes. We encourage you to use all information available for the purpose of supporting your work; however, you must clearly identify quotes and excerpts as the work of another author, and properly cite the source.

Logos has a policy for reviewing the content of all papers submitted for grading and evaluation through the use of a technological process. By means of this process, faculty members are able to identify situations where the information was taken directly from other publications or modified by the student and subsequently inserted into the work to be graded.

STUDENT INFORMATION...

Students should be advised that plagiarism in any form is prohibited, and that work containing plagiarized materials will be downgraded and returned for resubmission. The Academic Dean is notified whenever a student submits work for evaluation and grading that contains plagiarized materials. Continued instances of plagiarism will result in academic probation and may lead to other disciplinary measures.

COURSE PROCESS

Students enrolled in a classroom setting are responsible for knowing and meeting all course requirements, and regular attendance at classes is expected. It is left to the individual faculty member to evaluate each student's record of attendance in arriving at a final grade.

Students in the External Study Program may obtain their degree through the distance learning process. This is a mentored program with guidance and evaluation from the mentoring faculty member as a rigorous undertaking with discipline and accountability.

CORRECT PRIORITIES

Whether you are a student in a classroom environment or completing your program through distance learning, it is important to set a sound, disciplined schedule. Don't neglect your prayer and family life, even if it means extending your studies over a longer period. Keep a balance between your studies, ministry, and family.
